

# Science Experiment Manual

by Aurora Lipper, Supercharged Science

A collection of 167 quick and inexpensive science activities guaranteed to rocket launch your brain into a higher state of Ah-HA!

Developed by a real scientist and university educator.

"Imagination is more important than knowledge.  
Knowledge is limited.  
Imagination encircles the world."

-- Albert Einstein

# Table of Contents

---

<b>Chapter 1: Air Pressure &amp; Aeronautics .....</b>	<b>11</b>
Air Pressure Experiment 1. 1: Soda Can Trick.....	12
Air Pressure Experiment 1.2: Fountain Bottle .....	12
Air Pressure Experiment 1.3: Squished Balloon.....	12
Air Pressure Experiment 1.4: Sneaky Bottles.....	13
Air Pressure Experiment 1.5: Streaming Water .....	13
Air Pressure Experiment 1.6: Magic Water Glass Trick .....	14
Air Pressure Experiment 1.7: Air Takes Space .....	15
Air Pressure Experiment 1.8: Ping Pong Funnel.....	15
Air Pressure Experiment 1.9: Hot Air Balloons .....	16
Air Pressure Experiment 1.10: Genie in a Bottle.....	17
Air Pressure Experiment 1.11: Squished Soda Can .....	18
Aeronautics Experiment 1.12: Flying Paper Machines.....	19
Aeronautics Troubleshooting Guide .....	21
Aeronautics Experiment 1.13: Rigid Flyers .....	22
Aeronautics Experiment 1.14: Ring Thing .....	23
Aeronautics Experiment 1.15: Helicopters.....	23
Aeronautics Experiment 1.16: Butterfly Cups .....	24
Bonus Experiments!.....	25
Air Pressure Experiment: Diaper Wind Bag.....	25
Air Pressure Experiment: Plumber Magic.....	26
Air Pressure Experiment: Magic Egg Trick .....	26
Air Pressure Experiment: Rebellious Paper Wad .....	26
Air Pressure Experiment: Flying Papers.....	26
Air Pressure Experiment: Kissing Balloons.....	26
Aeronautics Experiment: Parachutes .....	26
Aeronautics Experiment: Super-fast Parachute .....	27
Aeronautics Experiment: Free Form Machines.....	27
Air Pressure & Aeronautics Review .....	28
<b>Specialized Aeronautics Projects: Kites .....</b>	<b>31</b>
Kite Experiment 2.2: Tetrahedral Kite .....	33
Kite Experiment 2.3: Dragon Kite .....	33
Kite Experiment 2.4: Diamond Kite .....	34
Kite Experiment 2.5: Sled Kite .....	35
Kite Experiment 2.6: Rotor Kite.....	36
Kite Experiments Worksheet .....	38

<b>Specialized Aeronautics Projects: Rockets.....</b>	<b>41</b>
Rocketry Experiment 3.1: Paper Blow-Gun Rockets .....	42
Rocketry Experiment 3.3: Seltzer Rockets.....	44
Rocketry Experiment 3.4: Slingshot Rockets .....	46
Rocketry Experiment: Puff Rockets .....	46
Rocketry Experiment: Micro Paper Rockets.....	47
Rocketry Experiment: Multi-Staging Balloon Rockets .....	47
Rocketry Review .....	48
<b>Chapter 2: Electricity &amp; Magnetism.....</b>	<b>50</b>
Electricity Experiment 4.1: Static Electricity Fun .....	55
Electricity Experiment 4.2: Basic Electrical Circuits.....	56
Electricity Experiment: Light Bulbs.....	58
Electricity Experiment: Conductivity Testers .....	58
Electricity Experiment: Finding Electrolytes .....	59
Electricity Experiment 4.3: Switches .....	59
Electricity Experiment: Nerve Testers.....	61
Electricity Experiment 4.4: Switches & Motors .....	63
Electricity Experiment 4.5: Trip Wire Burglar Alarm .....	65
Electricity Experiment 4.6: Pressure Sensor Burglar Alarm .....	67
Magnetism Experiment 4.7: Homemade DC Motor.....	77
Magnetism Experiment 4.8: Relays & Telegraphs .....	79
Magnetism Experiment: Dual Relays .....	80
Electricity Experiment: Charged Ping Pong Ball .....	81
Electricity Experiment: Electroscopes .....	81
Electricity Experiment: Dark Room Fun.....	82
Electricity Experiment: Quick and Easy Buzzer.....	82
Electricity Experiment: Spit Sensors.....	82
Electricity Experiment: Additional Burglar Alarms .....	82
<b>Specialized Electricity Projects: Robotics .....</b>	<b>83</b>
Robotics Experiment 5.1: Waterbots .....	84
Robotics Experiment 5.2: Jigglebot .....	85
Robotics Experiment 5.3: Racerbots.....	86
Robotics Experiment 5.4: Wired Remote Control .....	87
Electricity, Magnetism, and Robotics Worksheet .....	89
<b>Chapter 3: Physics of Motion &amp; Sound .....</b>	<b>92</b>
Physical Motion Experiment 6.1: Exponential Friction.....	96
Physical Motion Experiment 6.2: Pulley Tug-of-War .....	97
Physical Motion Experiment 6.3: Return Pulley System .....	98
Physical Motion Experiment: Homemade Pulleys .....	99

Sonic Vibration Experiment 6.5: Homemade Hornets .....	109
Sonic Vibration Experiment 6.6: Harmonicas .....	110
Sonic Vibration Experiment 6.7: Air Horns .....	111
Physical Motion Experiment 6.8: Fast Catapult.....	125
Physical Motion Experiment 6.9: Bobleds .....	127
Physical Motion: Experiment 6.10: Hydraulics and Pneumatics.....	129
Physical Motion Experiment: Bucket Splash.....	132
Physical Motion Experiment: Ping Pong Curves .....	132
Physical Motion Experiment: Cork Accelerometer .....	132
Physical Motion Experiment: Roller Coasters .....	132
Physical Motion Experiment: Second Class Levers .....	135
Physical Motion Experiment: Third Class Levers .....	135
Physical Motion Experiment: First Class Lever.....	135
Physical Motion Experiment: Wedge .....	135
Physical Motion Experiment: Simple Catapult .....	135
Physical Motion Experiment: Simple Gears .....	136
Physical Motion Experiment: Belts and Pulleys .....	136
Physical Motion Experiment: Wheels and Bearings .....	136
Physical Motion Experiment: Ball Bearings .....	136
Physical Motion Experiment: Slingshot Block .....	136
Physical Motion Experiment: Inclined Plane .....	136
Physical Motion Experiment: Simple Balance .....	137
Physical Motion Experiment: Potato Cannon .....	137
Sonic Vibrations Experiment: Poppers .....	137
Sonic Vibrations Experiment: Bobby Pin Strummer.....	137
Sonic Vibrations Experiment: String Test .....	138
Sonic Vibrations Experiment: Styro-Phone .....	138
Sonic Vibrations Experiment: Mystery Pitch.....	139
Sonic Vibrations Experiment: Phonograph.....	139
Sonic Vibrations Experiment: Sonic Rulers .....	139
Sonic Vibrations Experiment: Sneaky Clocks .....	139
Physical Motion Worksheet.....	140
Sonic Vibrations Worksheet .....	141
<b>Chapter 4: Physics of Light .....</b>	<b>142</b>
Light Wave Experiment 7.1: Rainbow Shadows.....	153
Light Wave Experiment 7.2: Pinhole Camera .....	154
Light Wave Experiment 7.3: Spectrometer .....	154
Light Wave Experiment 7.4: The Optics of Telescopes and Microscopes	156
Light Wave Experiment 7.7: Kaleidoscopes .....	160

<b>Specialized Light Projects: Lasers .....</b>	<b>166</b>
Laser Experiment 8.1: Simple Laser Experiments.....	167
Laser Experiment 8.2: Laser Maze .....	168
Laser Experiment 8.3: Laser Light Show .....	168
Laser Experiment 8.4: Advanced Laser Light Show.....	169
Laser Experiment: Light Bulbs and Lasers .....	170
Laser Experiment: Lenses.....	170
Laser Experiment: Filters.....	170
Laser Worksheet .....	171
<b>Specialized Physics of Light: Astronomy.....</b>	<b>173</b>
Astronomy Experiment 9.1: Satellite Crash .....	182
Astronomy Experiment 9.2: Meteorites.....	183
Astronomy Experiment 9.3: Star Charting.....	184
Cosmic Rays .....	185
<b>Chapter 4: Chemistry.....</b>	<b>187</b>
Chemistry Experiment: Bouncy Putty Slime.....	202
Chemistry Experiment: Glowing Slime.....	203
Chemistry Experiment: Starch Slime.....	204
Chemistry Experiment: Sewer Sneeze Slime .....	205
Chemistry Experiment: Corny Slime.....	207
Slime Science Worksheet.....	208
Chemistry Experiment: Iodine Clock Reaction.....	209
Chemistry Experiment: Homemade Thermostat .....	211
Chemistry Experiment: Electrolysis of Water .....	212
Chemistry Experiment: Water into Ink.....	213
Chemistry Experiment: Water to Wine.....	213
Chemistry Experiment: Hot Liquids to Cool Solids .....	214
Chemistry Experiment: Unveiling Hidden Carbon Dioxide .....	215
Chemistry Experiment: Copper Electroplating.....	217
Chemistry Experiment: Fruit Battery .....	217
Chemistry Experiment: Rusty Balloon.....	218
Chemistry Experiment: The Matrix .....	219
Chemistry Experiment: Water Purification .....	224
Chemistry Experiment: Moon Sand .....	226
Chemistry Experiment: Salt Stalactites.....	228
Chemistry Experiment: Borax Crystals .....	228
Chemistry Experiment: Bubbology .....	230
Chemistry Experiment: Indoor Rain Clouds .....	232
Chemistry Experiment: Bottling Clouds.....	232
Chemistry Experiment: Hot and Cold Swirl.....	233

Chemistry Experiment: Freeze Swap .....	233
Chemistry Worksheet.....	234
<b>Review: What do kids really <i>need</i> to know in science? .....</b>	<b>241</b>
Newtonian Physics .....	243
Maxwell's Equations.....	244
The Electromagnetic Spectrum .....	246
Ideal Gas Law.....	247
The Atom .....	248
States of Matter .....	250
Airplanes are Heavier than Air... How Do They Fly?.....	252
Mass and Energy .....	252
Experiments .....	253
<b>CD/DVD Title &amp; Track Listing.....</b>	<b>257</b>
<b>Materials Included with the Program .....</b>	<b>259</b>
<b>Additional Items Needed for the Experiments... "Not Included":...</b>	<b>261</b>
<b>An Interview with a Successful Science Teacher .....</b>	<b>262</b>
<b>Answer Keys to Worksheets .....</b>	<b>267</b>
<b>Mad Scientist Vocabulary List: .....</b>	<b>271</b>
<b>Teaching Science Right.....</b>	<b>277</b>
