Supercharged Science Privacy Policy

Supercharged Science is committed to protecting your privacy and developing technology that gives you the most powerful and safe online experience. This Statement of Privacy applies to the Supercharged Science Web sites (SuperchargedScience.com, ScienceLearningSpace.com and AwesomeScienceProjects.com) and governs data collection and usage. By using the Supercharged Science website, you consent to the data practices described in this statement.

Collection of your Personal Information

Supercharged Science collects personally identifiable information, such as your e-mail address, name, home or work address or telephone number. Supercharged Science also collects anonymous demographic information, which is not unique to you, such as your ZIP code, age, gender, preferences, interests and favorites.

There is also information about your computer hardware and software that is automatically collected by Supercharged Science. This information can include: your IP address, browser type, domain names, access times and referring Web site addresses. This information is used by Supercharged Science for the operation of the service, to maintain quality of the service, and to provide general statistics regarding use of the Supercharged Science Web sites.

Please keep in mind that if you directly disclose personally identifiable information or personally sensitive data through Supercharged Science public message boards, this information may be collected and used by others..

Supercharged Science encourages you to review the privacy statements of Web sites you choose to link to from Supercharged Science so that you can understand how those Web sites collect, use and share your information. Supercharged Science is not responsible for the privacy statements or other content on Web sites outside of the Supercharged Science and Supercharged Science family of Web sites.

Use of your Personal Information

Supercharged Science collects and uses your personal information to operate the Supercharged Science Web site and deliver the services you have requested. We also uses your personally identifiable information to inform you of other products or services available from Supercharged Science and its affiliates. We may also contact you via surveys to conduct research about your opinion of current services or of potential new services that may be offered. Supercharged Science may also contact you from time to time via your email address to provide you with a variety of information, including experiments, event announcements and promotions.

Supercharged Science does not sell, its customer lists to third parties. But, we may, from time to time, contact you on behalf of external business partners about a particular offering that may be of interest to you. In those cases, your unique personally identifiable information (e-mail, name, address, telephone number) is not transferred to the third party. In addition, we may share data with trusted partners to help us perform statistical analysis, send you email or postal mail, provide customer support, or arrange for deliveries. All such third parties are prohibited from using your personal information except to provide these services to Supercharged Science, and they are required to maintain the confidentiality of your information.

Supercharged Science

Supercharged Science Web sites will disclose your personal information, without notice, only if required to do so by law or in the good faith belief that such action is necessary to: (a) conform to the edicts of the law or comply with legal process served on Supercharged Science or the site; (b) protect and defend the rights or property of Supercharged Science; and, (c) act under exigent circumstances to protect the personal safety of users of Supercharged Science, or the public.

Security of your Personal Information

Supercharged Science secures your personal information from unauthorized access, use or disclosure. Supercharged Science secures the personally identifiable information you provide on computer servers in a controlled, secure environment, protected from unauthorized access, use or disclosure. When personal information (such as a credit card number) is transmitted to other Web sites, it is protected through the use of encryption, such as the Secure Socket Layer (SSL) protocol.

Changes to this Statement

Supercharged Science will occasionally update this Statement of Privacy to reflect company and customer feedback. Supercharged Science encourages you to periodically review this Statement to be informed of how we are protecting your information.

Contact Information

Supercharged Science welcomes your comments regarding this Statement of Privacy. If you believe that Supercharged Science has not adhered to this Statement, please contact Supercharged Science at info@SuperchargedScience.com.
